Seeking Approval
Whole Algae
Consultation with FDA CVM is advisable
Determine that chosen algae species is GRAS under pre-1958 "common use in food" exemption
Give notice to FDA about determination
Exemption from pre-market approval because GRAS for aquaculture feed
Start using chosen algae pursuant to self-determination - documentation supporting this determination must be available upon FDA request
Algal Oils
Notify FDA CVM of intent to seek GRAS Approval
Give notice to FDA of "scientific procedures" exemption
Potential delay due to FDA request for more info
Exemption from pre-market approval because GRAS for aquaculture feed
AAFCO definition request
Potential delay due to AAFCO request for more info
Algal oil can be used because of definition within AAFCO OP
Notify FDA CVM of intent to petition
FDA pre-market approval petition process
Potential delay due to FDA request for more info
Approval as FDA Food Additive for specific use and listing in CFR
